# **CITY COUNCIL AGENDA REPORT**

**SUBJECT: RESOLUTIONS RELATED TO APRIL 4, 2010 EARTHQUAKE AND  
AFTERSHOCKS AND RATIFICATION OF VARIOUS EMERGENCY ACTIONS**

**AGENDA DATE: August 3, 2010**

**PREPARED BY: Jennifer M. Lyon, City Attorney**

**APPROVED FOR AGENDA BY: Victor Carrillo**

**RECOMMENDATION:** Adopt the following resolutions:

- (1) Resolution approving declarations issued by City Manager related to Earthquake emergency;
- (2) Resolution declaring the continuing existence of the local emergency; suspending the public bidding requirements; and ratifying the expenditures and contracts related to the local emergency made by the City Manager since April 4, 2010.

**FISCAL IMPACT:** The City has various costs related to the earthquake and repairing public infrastructure.

**ENVIRONMENTAL REVIEW:** This action is not subject to CEQA review.

**DISCUSSION (Current consideration):**

A magnitude 7.2 earthquake occurred just outside of Calexico on April 4, 2010 at approximately 3:40 p.m. The earthquake was close enough to the City that various structures and infrastructure have been damaged including damage to wastewater and water infrastructure and buildings in the downtown area. The current cost estimate for damages to the City infrastructure is attached to this staff report. All available City personnel and mutual aid resources have been used to respond to the earthquake-related issues to protect citizens and property.

City Staff activated the Calexico Emergency Operations Center on or about April 4, 2010. Pursuant to the Calexico Municipal Code, the Calexico Disaster Council, the City Council, and the City Manager have the authority to declare a local emergency and take various actions related to the protection of life, property and public safety. The resolution attached to this staff report includes ratification of various declarations by the City Manager related to closing of city streets, sidewalks and businesses within the city in order to protect public health and safety.

Further, state law allows for the Council to approve a resolution by a 4/5 vote that allows the City to let public contracts without going through public bidding requirements while the local emergency continues to exist, if such actions are necessary. With the damage to vital public infrastructure, the need for immediate and quick repairs, and the continuing aftershocks, there is a need to suspend the notice and bidding requirements so that steps can be taken quickly to perform repairs and to complete prevention activities throughout the City. The Council approved resolutions on: April 6, 2010; April 20, 2010; May 4, 2010; May 18, 2010; June 1, 2010; June 15, 2010; July 6, 2010; and July 20, 2010, to suspend the public bidding requirements and in order to continue the suspension of public bidding, the resolution continuing the local emergency must be approved. Further, the resolution addresses the City Council's ratification of the expenditures and contracts entered into since April 4, 2010.

**RECOMMENDATION:** It is recommended that the City Council approve the attached resolutions.
